

New revenue. Fuller pipeline. Same customers.

Your business runs on bids, hours, and invoices. Soffit adds a second engine on top: **recurring subscription income, plus a pipeline of new work, from the homeowners you already serve.** You don't pay to acquire the customers, and you don't run the operation. We handle the subscription, and you share in every home you send our way.

Soffit is a **full-service home maintenance company** run by technology experts. Our own pros handle the year-round upkeep that doesn't fit your business, dozens of small tasks across every system of the home, while our AI and software document each visit, grade the home's condition, and run the whole operation. What we don't do is repair and install work. That's yours.

WHAT YOUR CUSTOMERS GET

-  Quarterly whole-home maintenance
-  Annual home inspection
-  Home concierge
-  Soffit Home Report
-  Soffit mobile app

WHO WE PARTNER WITH

Hand-picked local **HVAC, plumbing, and electrical** companies, and any home-services business that keeps homes healthy. We promise homeowners a high level of service, and we only partner with companies that take the same approach.

WHAT YOU GET AS A PARTNER

Subscription income PASSIVE

A cut of every subscription

For every homeowner you enroll, you earn a share of their subscription for a full year.

Guaranteed paid work

Once a year, we pay you to perform a tuneup in your trade. We handle the other three visits.

A pipeline without the cost NO CAC

First dibs on the work you want

Repairs and installs for your customers come to you first, plus overflow from other members.

Customers you don't pay to get

Signups come from the homeowners you already serve. No lead costs, no ad spend.

None of the operational load. We run acquisition, scheduling, customer communication, and billing across both sides.

HOW IT WORKS

- Enroll your customers**
Offer Soffit to the homeowners you already serve, with materials we provide.
- We take it from here**
We onboard each household and run scheduling, communication, and billing.
- You do the work you want**
Perform the paid annual service visit and get first dibs on repairs and installs.
- You earn, on repeat**
Your commissions land monthly, alongside a steady pipeline of high-value jobs.
