

A new way to invest in **your client relationships.**

Your business runs on relationships. Soffit gives you a simple way to strengthen them: **an exclusive discount on home maintenance that your clients get through you.** It costs you nothing and there's nothing to run. We handle the service, your clients get a deal nobody else can offer them, and you're the one who made it happen.

Soffit is a **full-service home maintenance company** run by technology experts. Our local pros do the real work, seasonal visits, filters, flushes, safety checks, all of it, while our AI and software document every home, grade its condition, and run the whole operation. Your clients get a modern home partner that actually shows up, and you're the one who brought it to them.

A DEAL ONLY YOU CAN GIVE

Exclusive discount

Your clients get a discounted first-year rate on Soffit as a thank-you from you. Use it as a closing gift, a renewal touch, or a reason to reach out to your whole list. It costs you nothing and there is nothing for you to manage.

Their discount. Your name on it.

STRONGER RELATIONSHIPS

Be there beyond the sale

Connecting a client with a partner for their home shows you're looking out for the whole picture, not just your piece of it.

You're their partner in your field. Now their home has one too.

No cost, nothing to run, no risk to your name. We handle the inspection, the app, the visits, and the billing. Your clients deal with us directly, low pressure always. You make the intro. That's the whole job.
